FROM THE TOWER

I'm changing hats again! I'm looking forward to spending more time as a WIRCS member than I have been in the last four years. I hope to use some of what I learned being District XI VP to be a better club member, and the newsletter is a good place to start. As VP I was sent newsletters from clubs in the district, several of them became favorites and look forward to them each month.

Congratulations to Brien, Bill and Ken for another term as our club officers! It's not a club without officers to step up to organize and guide the club.

I will confirm the other appointed officers and list them in the January newsletter.

“The New Field Committee” met to discuss preliminary ideas for a layout of on the what could be done on this property.

Talking points for the County:

Club controlled site

Gate and barrier fence to keep unwanted cars out

Water for runway

85db level equal to or less than lawnmower.

0900 to sunset flying times

500’ X 50’ plus 50’ rough

Who will do what mowing and will the farmer still have some of the field?

Who will pay for what

Words from the Prez will start in January

Flight Instruction update will be added

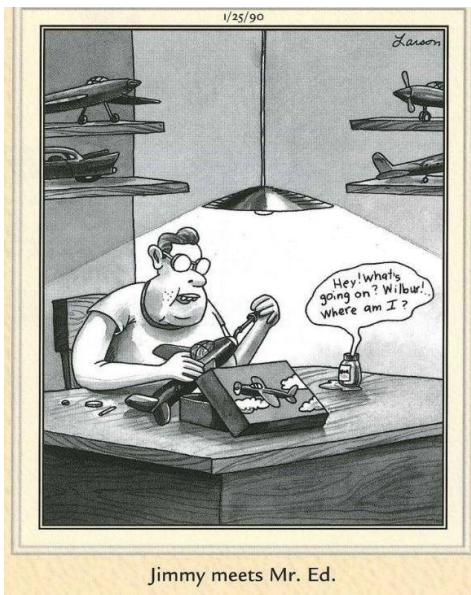

Instructors and students comments

Safety Talk

Got something that needs to be shared?

Year end party at the CPO Club, Prizes and Awards plus good food

Jimmy meets Mr. Ed.

Service Awards went Dan Simenson , Bill Diekman, Keith Dubendorf and Tom Berry

For their contributions to WIRCS for 2017

Happy Holidays from the Touch & Go Staff

Keep your figures out of the prop in 2018
